GOVERNMENT OF INDIA
NON-CONVENTIONAL ENERGY SOURCES
LOK SABHA

UNSTARRED QUESTION NO:772
ANSWERED ON:27.07.2000
INCENTIVES TO VOS AND NGOS FOR GENERATION OF ENERGY
UTTAMRAO DEORAO PATIL

Will the Minister of NON-CONVENTIONAL ENERGY SOURCES be pleased to state:

(a) the details of the incentives being provided by the Government to the Voluntary Organisations or Non-governmental Organisations for supplying the energy generated from garbage or solar energy in the villages;

(b) if so, the details thereof;

(c) the details of the proposals received from such organisations from Maharashtra during the last year and their achievements; and

(d) the details of the incentives provided to them by the Government?

Answer

MINISTER OF STATE FOR NON-CONVENTIONAL ENERGY SOURCES (INDEPENDENT CHARGE) (SHRI M. KANNAPPAN)

(a)&(b): The details of financial incentives available to Voluntary or Non-governmental Organisations for generation of energy from garbage and solar energy are given in the Annexure.

(c)&(d): No proposal was received from Voluntary or Non-governmental Organisations from Maharashtra during last year.As such, no incentives were provided to them.

Annexure referred to in reply to part (a & b) of the Lok Sabha Unstarred Question No. 772 tobe answered on 27.7.2000 regarding incentives to Voluntary Organisations and Non-governmental Organisations for Generation of Energy

Details of the incentives available to Voluntary Organisations and Non-governmental Organisations under Programmes for Generation of Energy from garbage and solar are as follows:

1. National Programme for Recovery of Energy from Urban and Industrial Wastes

i) Commercial Projects:

Interest subsidy is provided for reducing the rate of interest to 7.5% subject to limits of capitalised amount for various types of projects as given below:

```
Types of Projects    Maximum Eligible Interest Subsidy Amount

Waste to Power   -  Rs. 2.00 crore/MW
Waste to Fuel or steam  -  Rs. 0.50 crore/MWe
Fuel to Power   -  Rs. 1.00 crore/MW
```

ii) Demonstration Projects:

Financial assistance of up to 50% of capital cost of the project, subject to a maximum Rs. 3.00 crore per MW, is available for setting up Demonstration Projects based on innovative technologies for power generation from garbage.

2. Solar Photovoltaic (SPV) Systems

```
S. No. Type of SPV System   Central Subsidy  Service Charge (in Rs.)

1.  Solar Lantern    Rs. 1500/- (fixed) 100/-

2.  Home Lighting System/Solar Home System  Rs. 6,000/- or     200/-
```

50% of ex-works cost,
which ever is less

3. Street Lighting System Rs. 12,000/- or 50% of -
ex-works cost, which
ever is less

4. Power Plants & other systems Rs. 2,00,000 / kWp of 10,000/-
SPV array capacity or
50% of ex-works cost,
which ever is less

3. Solar Thermal Systems

i) Voluntary Organisations and Non-governmental Organisations are eligible for getting loans at reduced interest rate of 5% for purchasing solar thermal devices.

ii) Voluntary Organisations and Non-governmental Organisations are eligible for an incentive of Rs. 50.00 per solar cooker if the cookers are directly sold by them.
